
How "Leigh & Co." Events Builds Authority Through Off-Page SEO

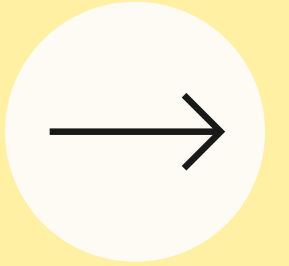

OVERVIEW

Leigh & Co. Events demonstrates how a local service business can improve search visibility through a well-rounded off-page SEO strategy.

Instead of relying only on on-site optimization, the company strengthens its online authority by earning backlinks, maintaining a presence on trusted industry platforms, and building a strong reputation through customer reviews.

PROCESS

VISIBILITY THROUGH MENTIONS

Leigh & Co.'s online authority is strengthened by its presence on trusted wedding directories like The Knot, which increases brand visibility, generates high-quality backlinks, and helps establish credibility within the wedding and events industry.

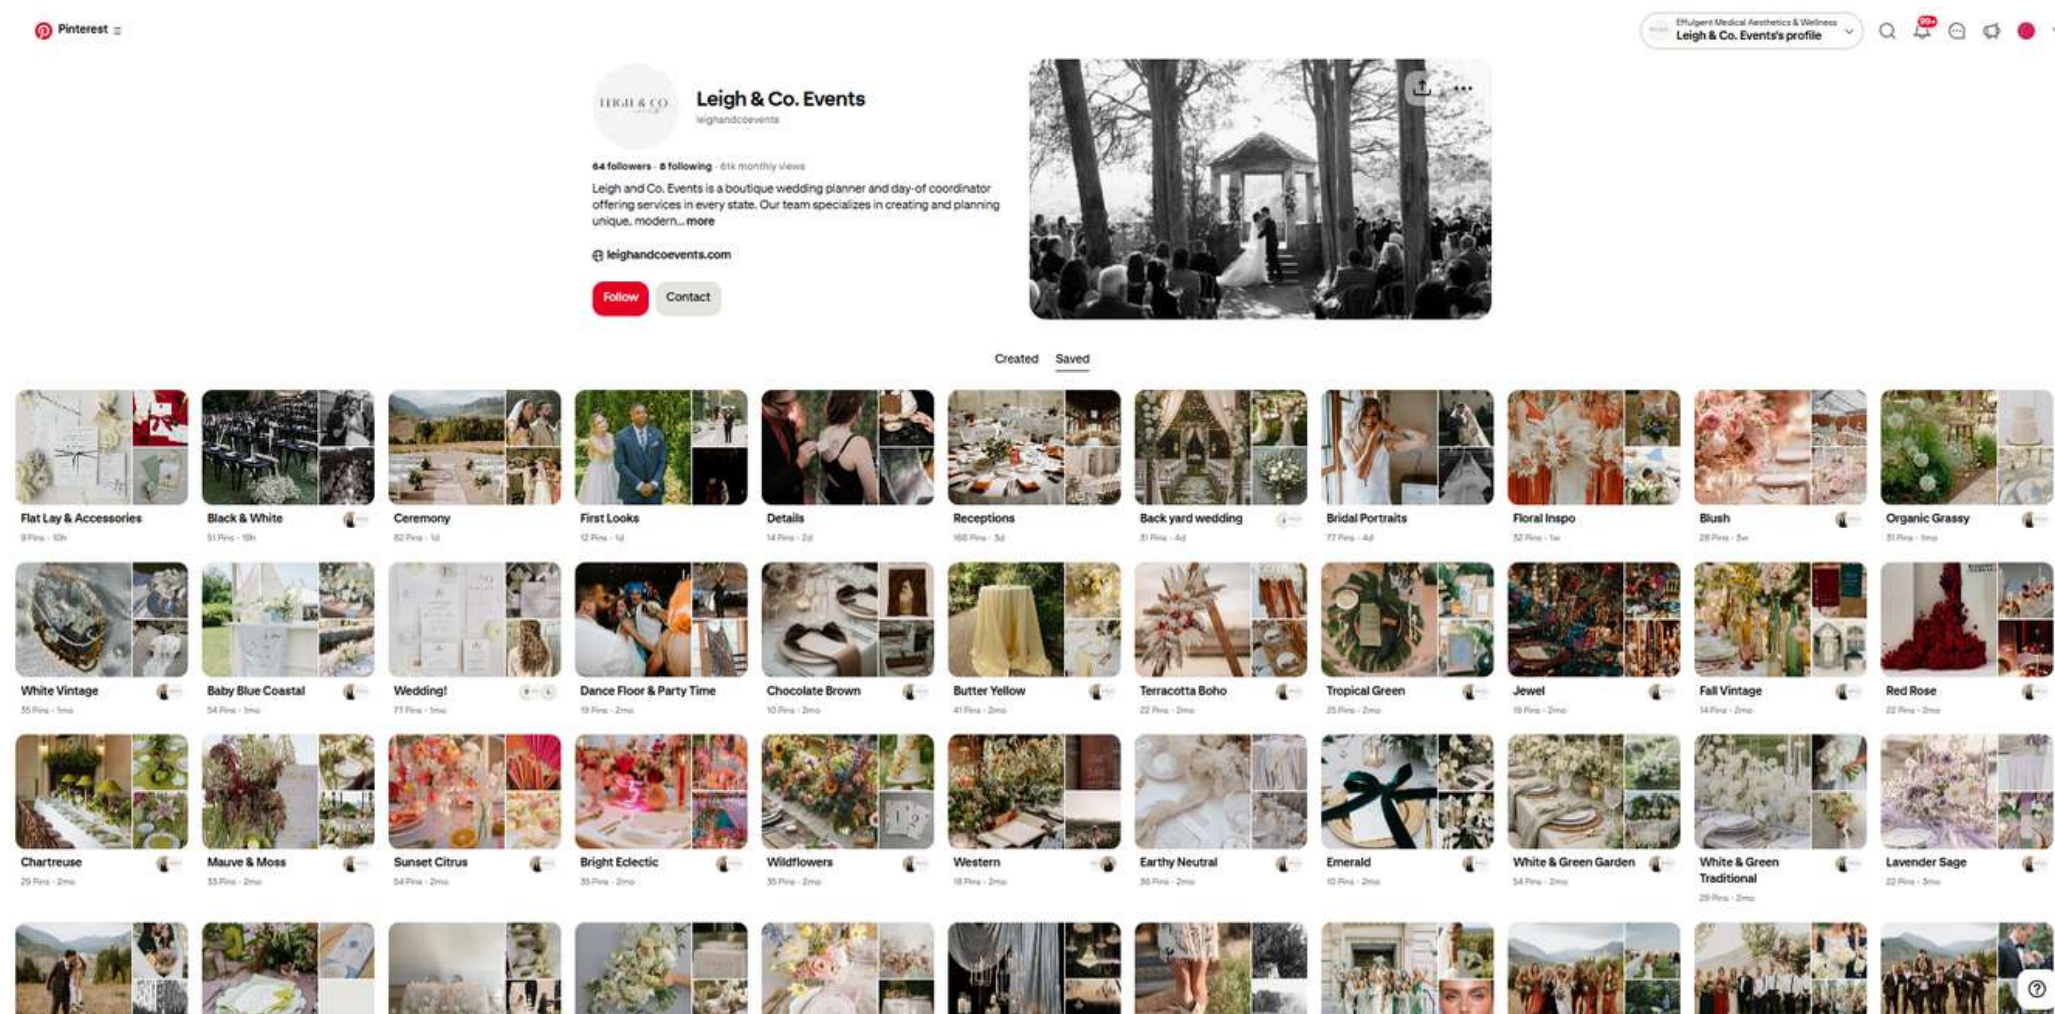

VISIBILITY THROUGH MENTIONS

Leigh & Co. extends its reach through Pinterest, where wedding inspiration, event styling, and visual content are widely shared. Its active presence on visual platforms helps:

- Helps the business appear in local search results.
- Increases website authority and SEO performance.
- Enhances credibility through trusted industry platforms.
- Attracts couples actively searching for wedding services.
- Reinforces the brand's reputation within the wedding industry.

LEVERAGING VISUAL PLATFORMS

This multi-channel visibility strengthens the brand's overall digital presence.

LEVERAGING VISUAL PLATFORMS

Leigh & Co. extends its reach through Pinterest, where wedding inspiration, event styling, and visual content are widely shared.

Its active presence on visual platforms helps:

- Increase brand awareness.
- Drive referral traffic.
- Expand content distribution beyond traditional search engines.
- Reach potential customers during the early stages of event planning.

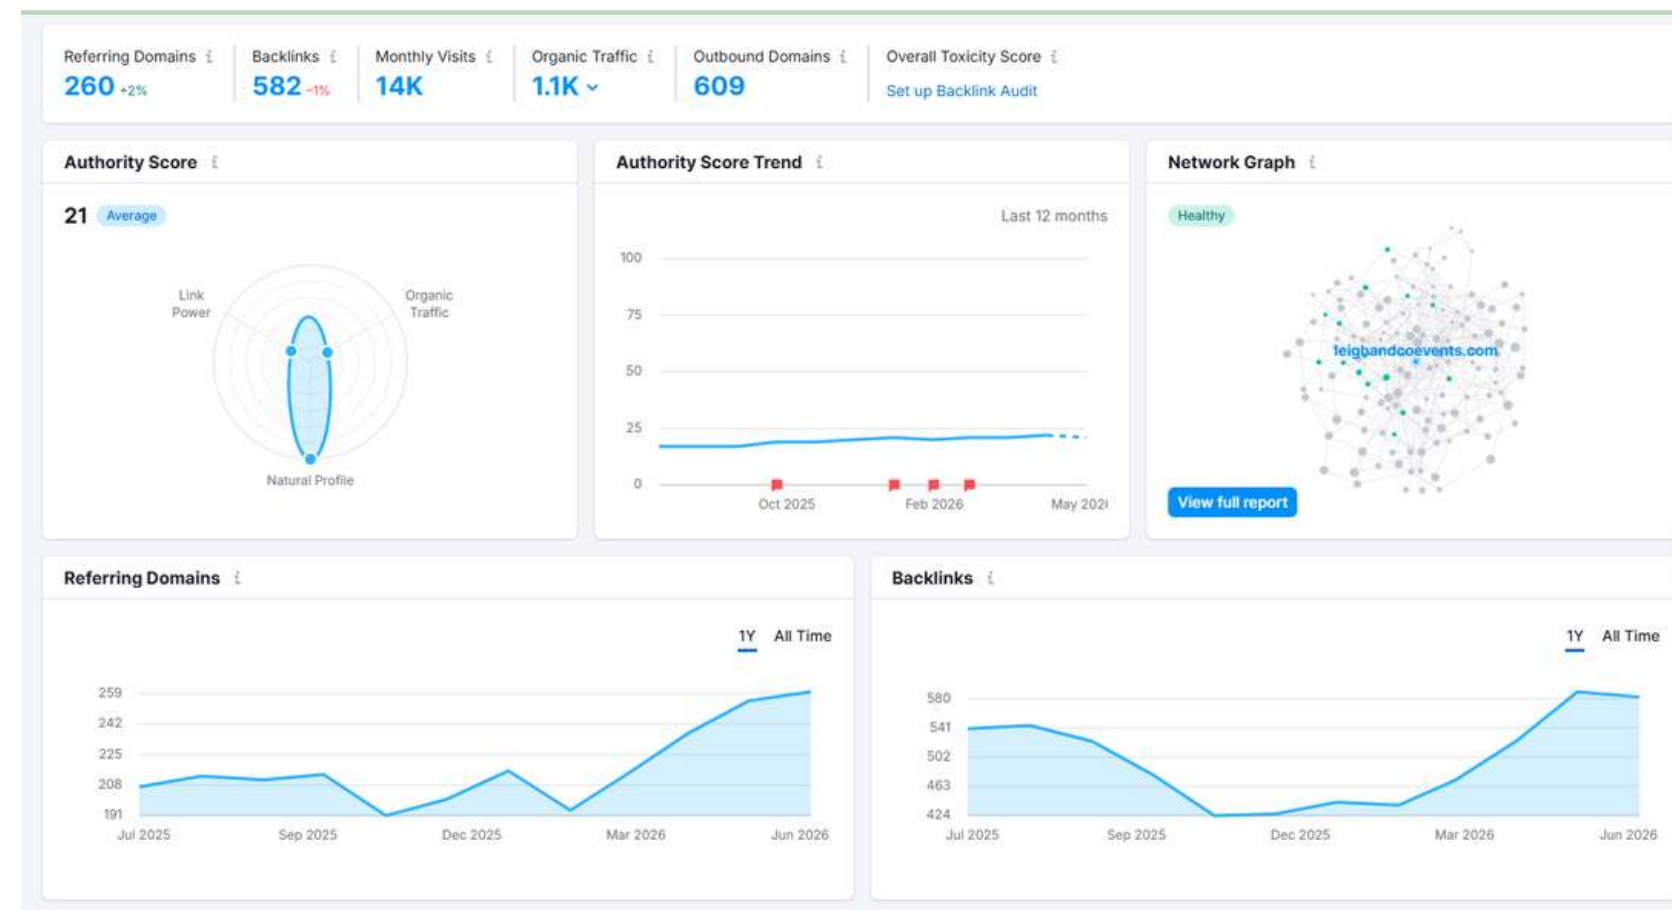

BUILDING A STRONG BACKLINK PROFILE

A diverse backlink profile is another key component of Leigh & Co.'s off-page SEO success. The company has earned approximately:

260
REFERRING
DOMAINS

580+
BACKLINKS

These links from reputable websites help build domain authority, improve search engine trust, and strengthen the company's ability to rank for competitive local search terms.

BUILDING A STRONG BACKLINK PROFILE

Benefits of a Strong Backlink Profile

- Improves Domain Authority
- Strengthens Search Engine Trust
- Boosts Keyword Rankings
- Increases Referral Traffic
- Enhances Online Credibility
- Supports Long-Term SEO Growth

Reviews
Reviews from the web

Customer reviews are a key part of Leigh & Co.'s local SEO strategy. With 140+ Google Business Profile reviews and a 4.8-star average rating, the company has built strong trust and improved local search visibility.

REPUTATION AS A RANKING SIGNAL

Positive reviews help:

- Improve local search rankings.
- Increase trust with potential clients.
- Enhance click-through rates from local search results.
- Reinforce the brand's online reputation.
- Generate high-quality backlinks.
- Increase brand visibility across trusted platforms.

WHY IT WORKS

Leigh & Co. Events shows that effective off-page SEO is about building trust across the web—not just acquiring backlinks.

By combining authoritative directory listings, visual content promotion, a healthy backlink profile, and consistently positive customer reviews, the company has developed a strong online reputation that supports both higher search rankings and long-term business growth.

KEY TAKEAWAYS

- Presence on trusted industry directories
- High-quality backlinks from authoritative websites
- Active brand promotion through visual platforms
- Strong and diverse referring domain profile
- Excellent online reputation through customer reviews
- Increased authority, visibility, and local search performance
