Who AM I ?

My name is Alan Ellis and I live up here in the north with [my dog Maggie](#), in NH. I'm not a professional coder anymore; I work at a large DNS provider during the day, and instead of sleeping at night I've been working on this app.

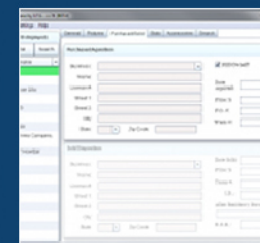

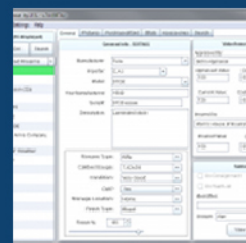

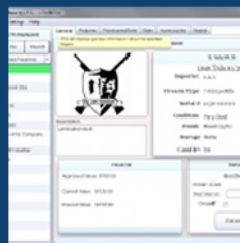

MGDB began as just a personal app as I have terrible handwriting, and wanted a better way to keep my C&R bound book protected and digital.

What leaders say about us

We help leaders achieve "wins" for their strategic, organizational, regulatory, community outreach and economic development goals. Don't just take our word for it. Read the testimonials of some of the nation's top thought leaders.

John Brock

Chairman & CEO, Coca-Cola Enterprises, Inc.
"If I had to pick one word to describe Esther, it's 'professional'. When I co-chaired the Governor's water task force, I relied on Esther's counsel for explaining complex concepts in a way that people could understand and support. Ultimately, Georgia passed its first-ever statewide water conservation plan."

Rick Smith

Chairman & CEO, Equifax Inc.
"Esther has earned the respect of every CEO she has worked with in Atlanta."

Pete Correll

Chairman, Atlanta Equity
Chairman Emeritus, Georgia-Pacific Corp.
"Esther is the person you want by your side in a firefight. Her support and counsel were invaluable to me during our multi-year campaign to save Grady Hospital."

Tom Bell

Chairman, Mesa Capital Partners
2010-2011 Chairman, U.S. Chamber of Commerce
"Esther is that rare person who speaks the languages of business, politics and media - having served in the trenches in all three industries. She knows her way around a board room, a Capitol Hill press conference and a newsroom."

Bill Linginfelter

Area President - Georgia/South Carolina, Regions Bank
"Before you step on stage for a major speech or face the cameras for a high-profile issue campaign, Esther is the person you want as your adviser. I worked directly with her on issues ranging from transportation to education to economic development. She's a pro."

Sam A. Williams

President, Metro Atlanta Chamber (MAC)
"Esther has been a trusted adviser to me and our board. I would strongly recommend her to any company, knowing how effective she is as a speech writer, media strategist, public relations or crisis counselor."

About Us

Our Difference

Sopedu, Inc. is a global strategy and consulting firm that offers international trade and strategic advisory services to clients worldwide. We measure our success by our clients' success. We do not believe in "one size fits all" consulting approaches and all of our recommendations consider the complexity and risk to successfully implement in our clients' unique environment. We know that tailored solutions yield the best value for our clients. We work with leading associations, chambers of commerce, and groups such as the Project Management Institute (PMI), the Society of International Development (SID), the Association of Change Management Professionals (ACMP), the Institute for Supply Management (ISM), and the International Association of Chiefs of Police (IACP) to provide collaborative networks across sectors and markets.

7 REASONS WHY MANY ARE NOW MAKING
THE CHOICE FOR A '**FRESH**' NEW APPROACH TO THEIR DENTAL NEEDS:

Brenda MacNeil RDH
Owner and Operator

Much more cost effective! You can receive Private Preventative Dental Services ...and it will cost you LESS money than going to a traditional office.

For those **who do not** have dental insurance - this is a **huge** benefit.

For those **who DO** have dental insurance, - less money is billed to their insurer, thus leaving more money in your dental insurance 'piggy bank' for other dental work if required.

Receive specialized 'one-on-one' care with a goal oriented professional who is specially trained to provide the highest level of prevention and service for your overall oral health - a personal trainer for your teeth and gums. You will always receive the SAME hygienist - no surprises!

Experience a quaint, relaxing visit - free of long waits, and loud sounds of a dental drill in the background.
